REQUEST FOR STATUS OF APPLICATION

Sir:

Applicants hereby request a report on the status of the above-identified patent application.

In particular, an amendment was filed on November 3, 2004. As shown by a round stamp in the attached postcard, this amendment was in fact received in the US PTO, by the OIPE branch.

However, the amendment cannot be found in the IFW. Moreover, a PAIR report (see copy) shows the status as "Non Final Action Mailed" and the status date as "08-03-2004." This is clearly incorrect because, as noted above, an amendment was in fact filed on November 3, 2004.

Please docket the previously-filed amendment and forward it to the Examiner. Please also inform the undersigned of status. If an extra copy of the amendment is needed, please call the undersigned at (408) 982-8203.

If an appropriate action is not taken soon, a petition may be filed, to preserve Applicants' rights to patent term adjustment resulting from undue delay in prosecution caused by USPTO's failure to process a timely-filed amendment.

I hereby certify that this correspondence is being transmitted by facsimile to the U.S. Patent and Trademark Office to the central fax number 571-273-8300 on September 24, 2005.
